NOT DRAWN TO SCALE

Overhead of 1 Gallery of the Pod

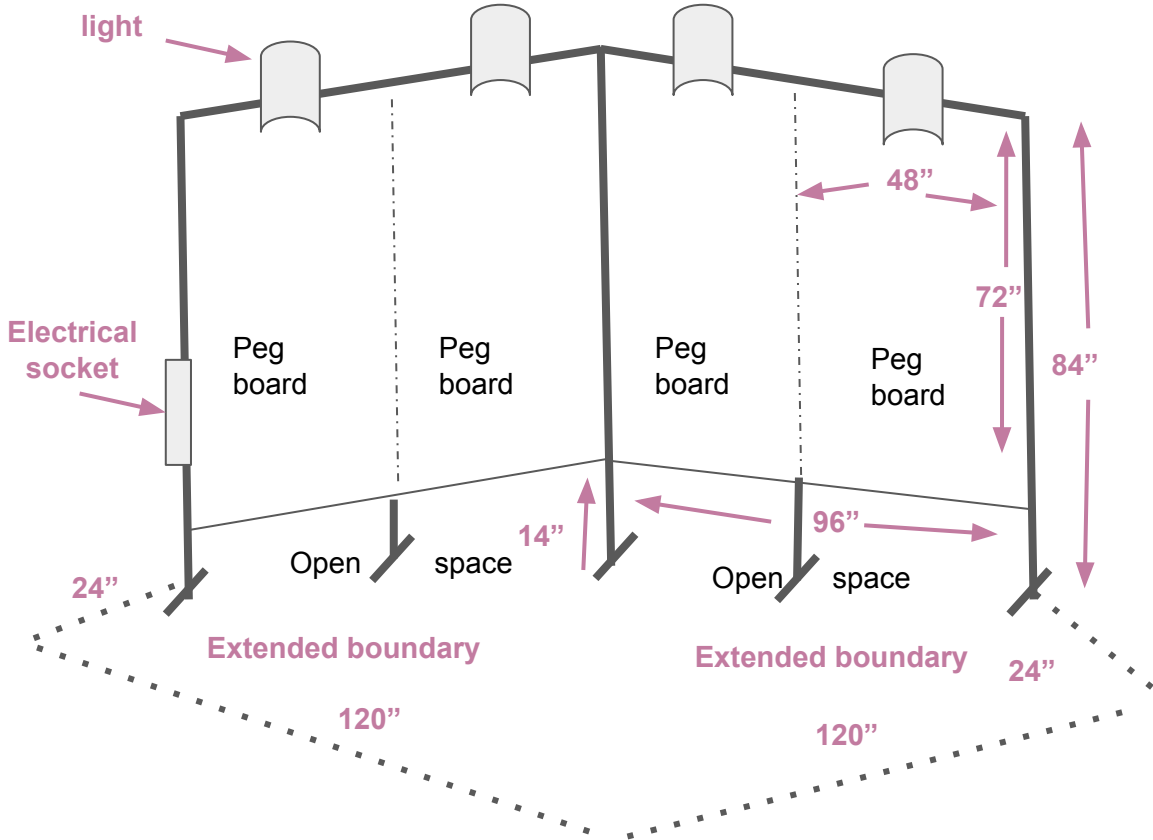

NOTES:

- 1) There are four gallery spaces per pod.
- 2) See next slide for details and specs on gallery size and wall size
- 3) A gallery wall will consist of 2 panels (see next slide)
- 4) Each gallery will have one electrical outlet. (See special notes on how the outlet may be used)
- 5) Each gallery has two walls. There is an additional 2 ft of extended open space that can be used by artist (dotted line)

NOT DRAWN TO SCALE

Artist Gallery Close-up (color of all walls is black)

KEY AND COMMENTS

- Each peg board is 48" W x 72" H
- Open space at bottom is approx 14" H
- Total wall H is approx 86"
- Each wall (2 peg boards per wall) is approx 96" W x 89" H (peg board space is 96' W x 72' H)
- From the outside edge of each wall, the artist's gallery boundary extends an added 24 "
- Each peg board will have one light provided (2 lights per wall.) Light is a clip on, hooded LED light.
- One wall of gallery is an electrical outlet that can be used for accessory power. It cannot be used to add to or augment the wall lighting provided.
- One table 72"x30" with black tablecloth is provided.
