

December 2019 Made In Clarkdale Artists Showcase

The Community Area

The Artist may bring 3 plus (depending on medium and size) pieces, ready to hang, or be displayed. Each work should be tagged with your name and cost of the item.

In the Community Area each artist will be given a specific area to display their work. The amount of space depends on how many Artists participate and the overall “flow” of the show. As the work sells the artist may replace it to keep the space full.

The Artist does not have to be there the whole time. Any Made in Clarkdale Artist and particularly the Community Area Artists can sell your work.

Cost for show is \$30* and volunteer time. There are many tasks and skills needed.

*fee may be waived or postponed due to financial hardship

MIC will process all sales and receive a 30% commission.
